

Iranian International Cubesat Event Exhibitors and Sponsors

This 1-day event is about Cubesat Technology and Applications, with a look on Future Mega-Constellations based on Cubesats. To make it happen, event managers will invite any interested people, company and enterprise to participate and share their ideas and collaborate. The main goal is to provide a list of individuals, teams, startups or SMEs to get along for Design and Development of a Cubesat Constellation, first, in technical point of view; and other aspects like operation control, application and legal issues. There will be a valuable opportunity for Individuals and Companies active in this industry to participate as Exhibitors and Sponsors due to the final goal and related projects. Conditions may apply as following. Consider that all participants shall register in the event individually, regardless this request.
